## **REQUEST FOR INFORMATION ON KWASU SCHOOL FEES STRUCTURES**

We are a Kwara-based registered Civil Society Organization. We promote good governance in Kwara by: participating in policy formation, campaigning against corruption, promoting government's good policies, advocating for open leadership, protecting citizens' rights, and evaluating/monitoring the implementation and performance of Kwara-related budgets.

At the establishment of Kwara State University (KWASU), Malete by Kwara State government, the citizens were overwhelmed with the hope that it would be affordable to everyone. However, this hope was dashed at its takeoff when exorbitant fees structures charged by KWASU were made public.

Comparing KWASU fees to those of other State Universities across Nigeria shows that KWASU fees are high. Moreover, average Kwara parents could not afford to enrol their children into the State-owned University (KWASU) that was established with their taxes, due to the economic status of the state.

As a Civil Society Organization in the state that is passionate about good governance, we want to launch advocacy tagged **#MakeKwasuAffordable**. As a first step to achieve this, we are sincerely requesting for official information from the University management on the situations that surround KWASU school fees structures.

While awaiting your prompt response, please be assured of our highest regards always.
